## WATER METER READINGS

Three months of residents' self-reading water meters have now passed. Residents that have yet to submit a reading will receive a visit from Public Works during the next reading period. Please join the majority of the community and report during the last full week of each month. The preferred method is a photograph of your meter emailed to [lemberg@sasktel.net](mailto:lemberg@sasktel.net). The reason for this method is to limit clerical error when viewing handwritten submissions. For those not having the ability to email, you may phone or stop by the office with your reading.

## VOLUNTEER RECOGNITION

Have you noticed a community member go above and beyond? Did they shovel your driveway or sidewalk, give you a ride somewhere, help the town remain vibrant, or cook you a meal? Let us know by emailing us!

## CEMETERY UPDATE

Last month's newsletter incorrectly identified some unmarked graves. Our most sincere apologies for any distress this may have caused.

We have a few people that have already sponsored or have committed to sponsoring the purchase of markers. Please contact the Town office asap if you intend to donate to this important undertaking.

## MONOLOGUE MONDAY

We are excited to bring back Monologue Monday (formerly Mondays with the Mayor) starting March 14, 2022, between 8:00 a.m. and 10:00 a.m., only this time we are rotating Councillors as well.
