ORDER TO REMEDY

Bylaw No. 2005-03 Nuisances Abatement states that no person shall cause or permit a nuisance to occur on any property owned by that person. Furthermore, no owner or occupant of land shall cause or permit the land to be overgrown with grass or weeds. Moreover, no person shall cause or permit any junked vehicle to be kept on any land owned by that person.

Rain has caused weed and grass growth throughout our community. Over the next coming weeks, the Town will be sending registered letters to property owners with nuisances that need to be remedied. Residents are encouraged to maintain their boulevards as well and try to keep them free of weeds, overrun grass, and ruts.

If you are planning a vacation, unable to tend to your property, or do not have the means to, please reach out to Neighbours Helping Neighbours. If you have any questions, concerns, or complaints regarding nuisances, please reach out to the Town Office.

ALARMS SAVE LIVES

Each year, emergency personnel respond to about 1,300 calls related to carbon monoxide (CO) and over 1,000 calls related to fires in Saskatchewan.

That is why it's so important that you install smoke and CO alarms by July 1, 2022 in your residential buildings, as per the Government of Saskatchewan's Building Code Regulations.
